SUSTAINABLE TAILORED INTEGRATED CARE FOR OLDER PEOPLE IN EUROPE

SUSTAIN Final Conference

SUSTAIN Final Conference
Sustainable tailored integrated care for older people in Europe

13 March 2019
9:00 - 18:00
European Economic and Social Committee
Brussels, Belgium

This project has received funding from the European Union’s Horizon 2020 research and innovation programme under grant agreement No 634144.

The SUSTAIN consortium is glad to announce the SUSTAIN Final Conference, which will take place on Wednesday, 13th March 2019 at the European Economic and Social Committee. You are warmly invited to take part in this one-day event in Brussels, Belgium.

During the conference, the SUSTAIN project will be presented in all its aspects: the research carried out within its framework will be showcased; the integrated care sites which took part in the project will be introduced; and the achieved results and project outcomes aimed at supporting better integrated care for older people, as the SUSTAIN Roadmap for Integrated Care.
Further information on the conference programme will be released soon but we invite you to register online to ensure your participation.

**SUSTAIN: Overarching Policy Report**

Lessons learned from improving integrated care in Europe

The SUSTAIN consortium is glad to present its **overarching policy report**. This report will present the lessons learnt from the **overarching analysis** of findings from the thirteen integrated care initiatives in seven European countries.

The report starts with describing the **characteristics** of integrated care initiatives that were involved in the SUSTAIN project, and the **challenges** the initiatives faced. Then, the integrated care **activities** that were undertaken to improve current ways of working in each of these sites are presented. Based on the experiences of the integrated care initiatives, the **main lessons learnt** are shared by explaining **what worked and what did not** when making improvements to integrated care. The final chapters of the report provide **recommendations** for policy-makers, service providers, and the research community based on the outcomes and experiences of the project, and **an overall conclusion** on the SUSTAIN project.

To read the full report, please find the link [here](#).

Have a look at the SUSTAIN video
We are proud to present you the SUSTAIN project video, gathering Consortium partners' perspectives on the project, its activities and achieved results. Realised by one of the SUSTAIN partners, Vilans, the video was recorded during the International Conference on Integrated Care “Value for People and Populations: Investing in Integrated Care”, which took place on 23 – 25 May 2018 in Utrecht, the Netherlands.
