

DISCOVER THE SUSTAIN SITES

KV REGIOMED ZENTRUM TEMPLIN Templin, Germany

DESCRIPTION

- Provides a three-week complex therapy programme
- During this programme service users are learning about their medication plan, falls prevention, healthy diet etc.
- Service users are supported by specially trained practice assistants

IGiB | StimMT
bestimmt für Brandenburg

IMPROVEMENT PROJECT

- The improvements (as part of the project IGiB-StimMT) aims to adopt the regional care structures and processes to meet the needs that arise from changing demographic conditions
- A subproject is the establishment of a coordination and counselling centre ("service-centre") for consultation and supporting of service users

OUTCOMES AND LESSONS LEARNT

- The newly created service-centre strengthens the multidisciplinary collaboration among therapists, doctors, nurses and experts (administrative experts, nutritionists)
- Service users are getting more targeted information about integrated-care providers and services
- Despite all information and public relation efforts, there were issues to raise awareness about the KV RegioMed Zentrum and the service centre at patient, public, care and healthcare level
